

Saturday, September 27, 2014, 7:30am–4pm Anne Arundel Medical Center CME Conference

# Cancer in Women: Contemporary Prevention, Screening, Management and Survivorship

## Course Description:

The National Cancer Institute reports that cancer will claim the lives of a quarter million women this year alone. This course is designed to assist healthcare providers to improve care of women based on emerging scientific and clinical evidence in cancer care. The course will include presentations from key women's health specialty and subspecialty disciplines including breast surgery, gynecologic oncology, medical oncology, radiology, thoracic surgery, primary care and preventive medicine.

## Intended Audience:

The program is designed for physicians, gynecologists, nurse practitioners, physician assistants, and other healthcare professionals who are committed to advancing the quality of care provided to their female patients.

## Course Agenda:

- › **Seeing or Feeling the Adnexal Mass: Is It Ovarian Cancer?**  
*Neil Rosenshein, MD, medical director, The Gynecologic Oncology Center at AAMC*
- › **Abnormal Vaginal Bleeding: When to Worry, What to Do?**  
*Teresa Diaz-Montes, MD, gynecologic oncologist, The Gynecologic Oncology Center at AAMC*
- › **Changing Concepts in Breast Care**  
*Lorraine Tafra, MD, director*
- › **Caring for the High Risk Woman**  
*Wen Liang, MD, breast surgeon, The Breast Center at AAMC*
- › **Advances with 3D Imaging, and Breast Density Legislation: Implications for Primary Care**  
*Daina Pack, MD, Anne Arundel Diagnostics Imaging*

## Learning Objectives:

- › Cancer prevention and screening for primary care providers
- › Recognition of high risk factors for women's cancers
- › Criteria for initial workup prior to making a referral
- › Co-management of cancer patients between PCPs and specialists

- › **Lung Cancer in Women: The Rising Incidence of Lung Cancer in Non-Smoking Women—To Screen or Not?**  
*Stephen Cattaneo, MD, AAMC division chief, Surgical Oncology and medical director, Thoracic Oncology Program*
- › **Opportunities for the Primary Prevention of Colorectal Cancer in the U.S.**  
*Invited speaker*
- › **HPV-related Disease: Emerging Facts, Fading Fiction**  
*Carol Tweed, MD, medical oncologist, AAMC DeCesaris Cancer Institute*
- › **Obesity: A Risk Factor in Cancer Survival and Recurrence**  
*Madelaine Binner, DNP, MBA, CRNP-BC, AAMC Cancer Survivorship Program*

## Cancer in women: Contemporary Prevention, Screening, Management and Survivorship

**Saturday, September 27**
