

INSPIRE THE NEXT GENERATION of Nurses

Interested in a rewarding job opportunity that will help shape the future of nursing?

Notre Dame of Maryland University is looking for BSN degree holders with enthusiasm for teaching and a commitment to quality patient care to serve as adjunct clinical instructors for its Hybrid ABSN program.

ADJUNCT CLINICAL INSTRUCTOR POSITIONS AVAILABLE

JOB OVERVIEW

Clinical instructors play a vital role in educating the nursing students enrolled in our Hybrid ABSN program, preparing them to be nurse leaders who provide high-quality, safe, and compassionate care.

RESPONSIBILITIES INCLUDE

- **Teach** core nursing skills in a controlled environment
- **Supervise** students during clinical rotations 1 day/week
- **Participate** in skills lab and simulation experiences
- **Complete** student and clinical site evaluations and provide feedback

INSTRUCTOR REQUIREMENTS

- **Clinical instructors will teach** at their place of employment on off shifts and weekends
- **Time commitment** is one day per week for 6-9 hours in med/surg and 9 hours in psych/mental health
- **Clinical rotations for 1st semester students** begin in mid-March
- **Clinical rotations for 2nd semester med/surg students** begin in mid-February
- **Clinical rotations for 2nd semester psych/mental health** begin in mid-March

JOB BENEFITS

- **Part-time**, accommodating work schedule
- **Great supplementary income** for working RNs
- **Enhance skills** for potential career advancement

JOB REQUIREMENTS

- Active unencumbered Maryland RN license
- BSN with specialization appropriate to area of responsibility
- Minimum 2 years of experience in the practice of nursing
- Knowledge of and commitment to the University's mission
- Prior teaching experience preferred, but not required
